Security Forum in Krakow will be held for seventeenth time. At the same time it is sixty third scientific conference organized by international scientific society CICA which deals with aggression studies (both in its personal and structural scale).

LXIII CICA - XVII Security Forum will be taken at the difficult time of war in Eastern Europe. We are witnesses to variable socio-political reality and we reasonably hope that the crisis will be defused.

Security Forum will be held in hybrid form - luckily the Covid-related restrictions have been lifted. However, due to the fact that not everyone is able to participate in our conference in person, there will be a possibility to join the meeting via online.

CICA - Security Forum problematic aspects include security from the perspective of individual security subject as well as institutions and collective security subjects in the context of proposed topics presented below.

The Conference will take place at:

Aparthotel Vanilla

33 Bobrzyńskiego St., 30-348 Krakow

(and an online meeting)

WSBPI „Apeiron” in Krakow ensures the possibility to book single and double rooms, with keyword **APEIRON** there will be a discount
